RAM ENTERPRISE P&P WBS STRUCTURE - 01_GOVERNANCE

01_GOVERNANCE

01.0 RAM Governance Structure

01.0.1 RAM Departments (Enterprise View)

For clarity across all future sections, RAM shall include:

A. Executive & Governance

- Board of Directors
- Audit & Risk Committee
- Investment Committee (if separate)
- Asset Management Committee (AMC)
- Facility Management Board (FMB)
- CEO / Managing Director

B. Core Departments

1. Asset Management
    - Portfolio Manager
    - Asset Manager
    - Financial Analyst
2. Investment
    - Investment Director
    - Investment Manager
    - Financial Modeling Analyst
3. Leasing
    - Leasing Director
    - Leasing Manager
    - Tenant Relations Officer
4. Facility Management
    - FM Director
    - Operations Manager
    - HSE Manager
    - Maintenance Manager
5. CapEx & Projects
    - Projects Director
    - Project Manager
    - Cost Controller
    - Engineering Team
6. Finance
    - CFO

    - Finance Manager
    - Financial Controller
    - AP / AR
    - Treasury
7. Risk & Compliance
    - Risk Manager
    - Compliance Officer
    - Internal Audit
8. Legal
    - Legal Counsel
    - Contract Specialist
9. Procurement
    - Procurement Manager
    - Contracts Officer
10. Strategy & Performance

- Strategy Director
- Performance Analyst

01.1 Corporate Governance Policy

01.1.0 Purpose

To establish a formal oversight framework defining:

- Decision rights
- Financial approval thresholds
- Escalation logic
- Committee authority
- Compliance and accountability

01.1.1 Board Governance Procedure

Scope

Applies to:

- Annual Strategy
- CapEx > 5M
- Asset Disposal
- Portfolio Restructuring
- Major Financing

Detailed Procedure

Step 1 – Initiation

Responsible: CEO / Strategy Director / Investment Director
Trigger:

- Annual planning cycle
- Investment > 5M
- Disposal proposal
- Strategic shift

Deliverable:

- Board Memo (Form B10 Investment Memo adapted)
- Financial Model
- Risk Assessment
- Legal Review Note

📌 **BPMN Required Here**
You must draw BPMN for:

- Proposal initiation
- Document preparation
- Internal validation
- Board submission
- Approval / Rejection
- Post-approval notification

Actors:
CEO → CFO → Risk → Legal → Board Secretariat → Board → SAP

Step 2 – Internal Validation

Reviewed by:

- CFO (Financial Viability)
- Risk Manager (Risk Assessment)
- Legal (Compliance)
- Asset Manager (Portfolio Fit)

If rejected → Return to Initiator
If validated → Move to Board

Step 3 – Board Review

Board Secretariat:

- Schedules meeting
- Circulates documents 7 days prior
- Records attendance (Form A9)

During meeting:

- Presentation
- Q&A
- Conflict Declaration (A10)
- Voting

Decision Outcomes:

- Approved
- Conditional Approval
- Rejected
- Deferred

Output:

- Signed A1 Board Resolution

Step 4 – System Execution (SAP)

If Approved:

SAP Workflow Trigger:

- Capital Budget Activation
- FI-AA asset creation
- WBS activation
- Budget release

Finance confirms capital availability.

SIPOC – Board Governance

Element	Description
Supplier	CEO / Investment Director
Input	Investment memo, financial model, risk assessment
Process	Review → Validate → Approve

Element	Description
Output	Board Resolution
Customer	Finance, Investment, Asset Management

01.1.2 AMC Procedure (1–5M Authority)

Authority Level

Investment between 1M and 5M.

Detailed Process

Step 1 – Investment Submission

Form:

- A2 AMC Investment Approval
- B10 Investment Memo
- Financial Model
- Risk Summary

Initiator:
Investment Manager

Step 2 – AMC Secretariat Review

Check:

- Completeness
- DoA threshold validation
- Budget availability

If incomplete → Return

Step 3 – AMC Meeting

Members:

- CEO (Chair)
- CFO

- Investment Director
- Asset Director
- Risk Manager

Decision Types:

- Approve
- Request Revision
- Escalate to Board (>5M)
- Reject

📌 **BPMN Required**
Swimlanes:
Investment → Secretariat → AMC → Finance → SAP

Step 4 – SAP Execution

Trigger:

- Capital budget allocation
- Project WBS creation
- Commitment posting

SIPOC – AMC

Supplier	Investment Team
Input	A2 + B10 + Model
Process	Technical Review → Committee Approval
Output	AMC Resolution
Customer	Finance / Asset Mgmt

01.1.3 FMB Procedure

Scope

- SLA approval
- Vendor performance review
- HSE compliance
- Major FM Contract Renewal

Detailed Process

Step 1 – Performance Data Collection

From:

- FM Director
- Vendor Reports
- SLA Scorecard (D5)
- Audit Checklist (D20)
- HSE Inspection (D9)

Step 2 – Secretariat Review

Check:

- SLA KPIs
- Budget impact
- Compliance flags
- Risk incidents

Step 3 – FMB Meeting

Members:

- COO
- FM Director
- Risk Manager
- Procurement
- HSE Manager

Decisions:

- Renew
- Penalize
- Replace Vendor
- Escalate to Board (if strategic impact)

📌 **BPMN Required**
Vendor → FM → HSE → FMB → Procurement → SAP

Step 4 – SAP Integration

- Vendor performance update
- Service contract modification
- PO update
- Accrual validation

SIPOC – FMB

Supplier	FM Team
Input	SLA Scorecard, Audit Checklist
Process	Review → Compliance Check → Decision
Output	Vendor Decision
Customer	Procurement / Finance

01.1.4 Delegation of Authority (DoA)

Purpose

Define financial and operational authority thresholds.

Annual Review Procedure

Step 1 – Threshold Review

Led by:
CFO + Risk + CEO

Inputs:

- Inflation impact
- Portfolio growth
- Risk appetite
- Audit findings

Step 2 – Draft Update

Update:

- DoA_Matrix (Excel)
- Authority levels by:

- CapEx
- Leasing Discounts
- Procurement
- Write-offs
- Vendor Awards

Step 3 – Validation

AMC Review
Board Final Approval

Step 4 – Communication

- Issue formal memo
- Update ERP workflow thresholds
- Archive old matrix

📌 **BPMN Required**
Finance → Risk → CEO → AMC → Board → HR → SAP

SIPOC – DoA

Supplier	CFO
Input	Financial thresholds, risk appetite
Process	Review → Draft → Approve → Communicate
Output	Updated DoA Matrix
Customer	All Departments

Governance-Level RACI

Activity	Board	AMC	FMB	CEO	CFO	Risk	Legal
Strategy Approval	A	C	-	R	C	C	C
CapEx >5M	A	C	-	R	R	C	C
Investment 1–5M	C	A	-	R	R	C	C
Vendor SLA Review	-	-	A	C	C	R	-
DoA Update	A	C	-	R	R	C	-

A = Accountable
R = Responsible
C = Consulted

SAP Control Matrix (Governance Layer)

Process	SAP Module	Control Type
CapEx Approval	FI-AA	Budget Lock
Project Approval	PS	WBS Activation
Vendor Review	MM	Vendor Status
SLA Monitoring	PM	Maintenance KPI
Budget Release	CO	Commitment Control

Where You Must Draw BPMN Diagrams

You need 4 BPMN diagrams:

1. Board Investment Approval Flow
2. AMC Approval Workflow
3. FMB Vendor Governance Process
4. DoA Annual Update Process

Each with swimlanes:

- Initiator
- Department Head
- CFO
- Risk
- Committee
- SAP System

Governance KPIs

- Approval cycle time
- % escalations
- % conditional approvals
- Conflict disclosure rate
- SLA compliance %
- DoA exceptions count

Governance Risk Controls

- Conflict of interest mandatory (A10)

- 7-day document circulation rule
- Financial model independent review
- Risk scoring mandatory for >1M
- Automatic SAP threshold enforcement

Forms and process
