    - Rental price
    - Lease duration
    - Security deposit

Step 7 – Lease Agreement

1. Draft lease contract.
2. Obtain signatures.
3. Collect deposit and first rent.

---

3. Tenant Onboarding

Roles

- Property Manager
- Facility Manager
- Tenant Relations Officer

Work Instructions

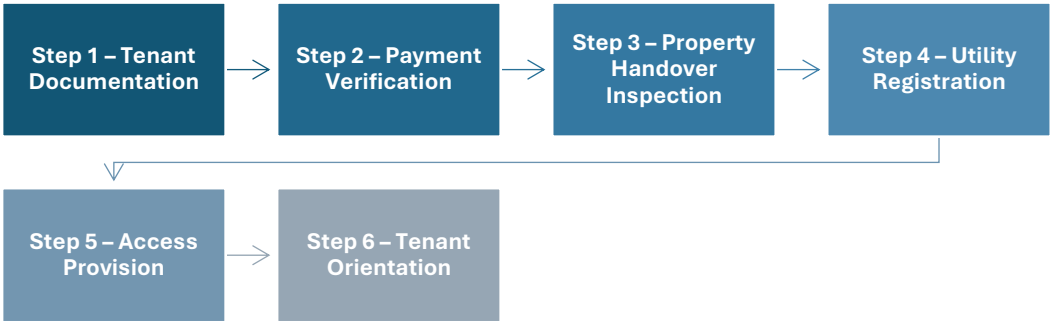

Figure 4: Tenant Onboarding

Step 1 – Tenant Documentation

1. Record tenant details in the property management system.
2. Upload signed lease agreement.

Step 2 – Payment Verification

1. Confirm receipt of:
    - Security deposit
    - First rent payment.

Step 3 – Property Handover Inspection

1. Conduct property inspection.
2. Document condition with photos.
3. Prepare handover report.

Step 4 – Utility Registration

1. Register tenant with utility providers:
    - Electricity
    - Water
    - Internet

Step 5 – Access Provision

1. Issue keys or access cards.

2. Provide building access instructions.

Step 6 – Tenant Orientation

1. Explain building rules.
2. Provide maintenance request procedures.

---

4. Rent Collection & Financial Management

Roles

- Finance Department
- Property Manager
- Accounting Team

Work Instructions

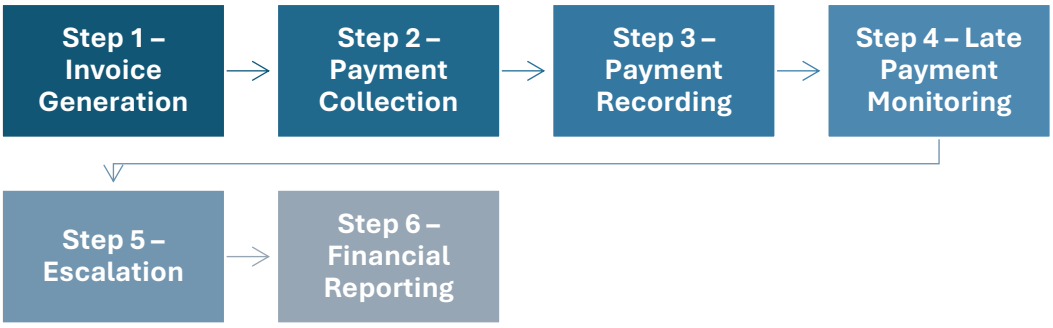

Figure 5: Rent Collection & Financial Management (explained below)

Step 1 – Invoice Generation

1. Generate monthly rent invoices.
2. Send invoices to tenants.

Step 2 – Payment Collection

1. Accept payments through:
    - Bank transfer
    - Online portal
    - Cheque

Step 3 – Payment Recording

1. Record payment in accounting system.
2. Update tenant ledger.

Step 4 – Late Payment Monitoring

1. Identify overdue accounts.
2. Send payment reminders.

Step 5 – Escalation

1. Issue warning notices.
2. Initiate legal action if necessary.

Step 6 – Financial Reporting

1. Prepare monthly financial reports.
2. Analyze property profitability.

---

5. Facility Maintenance Request Handling

Roles

- Tenant
- Facility Manager
- Maintenance Technician

Work Instructions

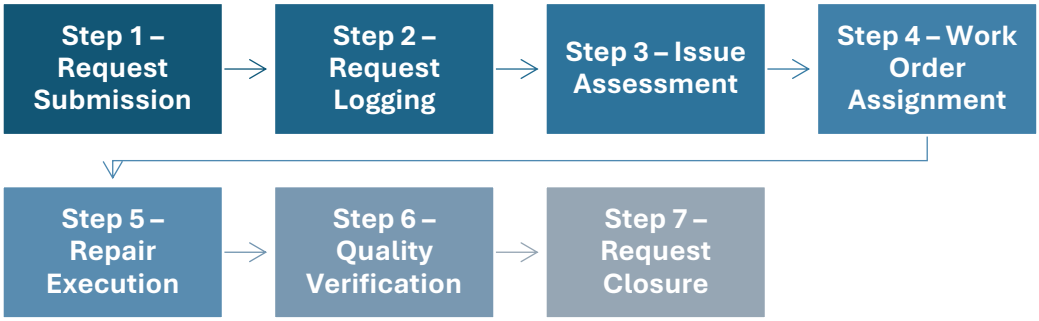

Figure 6: Facility Maintenance Request Handling(explained below)

Step 1 – Request Submission

1. Tenant submits maintenance request via:
   - Mobile app
   - Email
   - Phone

Step 2 – Request Logging

1. Create work order in maintenance system.
2. Assign priority level.

Step 3 – Issue Assessment

1. Facility manager reviews request.
2. Determine repair type:
    - Emergency
    - Routine

Step 4 – Work Order Assignment

1. Assign technician or contractor.
2. Schedule maintenance.

Step 5 – Repair Execution

1. Technician performs repair.
2. Update work order status.

Step 6 – Quality Verification

1. Facility manager inspects completed work.

Step 7 – Request Closure

1. Close work order.
2. Notify tenant.

---

6. Preventive Maintenance Planning

Roles

- Facility Manager
- Maintenance Team

Work Instructions

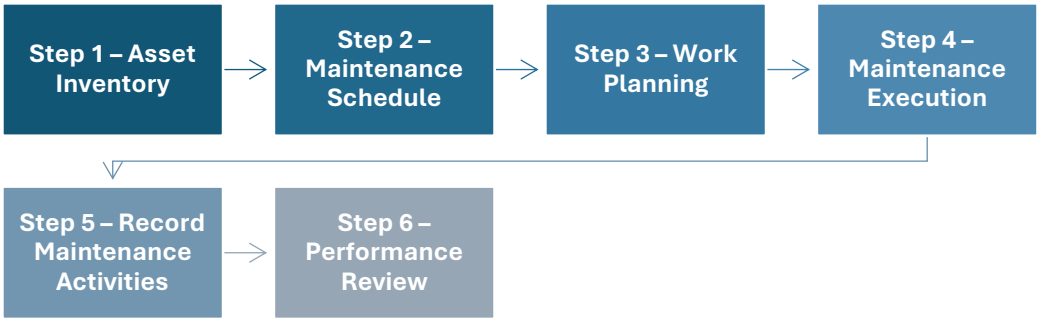

Figure 7: Preventive Maintenance Planning

Step 1 – Asset Inventory

1. Create inventory of all building assets:
    - HVAC
    - Elevators
    - Electrical systems

Step 2 – Maintenance Schedule

1. Define preventive maintenance intervals.

Step 3 – Work Planning

1. Create preventive maintenance work orders.

Step 4 – Maintenance Execution

1. Perform inspections and servicing.

Step 5 – Record Maintenance Activities

1. Document performed maintenance.

Step 6 – Performance Review

1. Analyze maintenance performance.

---

7. Vendor / Contractor Management

Roles

- Procurement
- Facility Manager
- Finance

Work Instructions

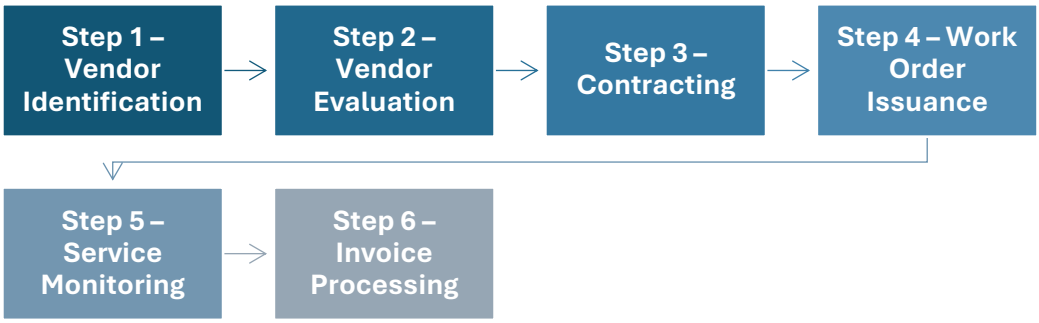

Figure 8: Vendor / Contractor Management

Step 1 – Vendor Identification

1. Identify qualified service vendors.

Step 2 – Vendor Evaluation

1. Evaluate vendors based on:
    - Price
    - Experience
    - Certifications

Step 3 – Contracting

1. Draft service contracts.
2. Define service scope and SLAs.

Step 4 – Work Order Issuance

1. Issue work orders to vendor.

Step 5 – Service Monitoring

1. Monitor vendor performance.

Step 6 – Invoice Processing

1. Verify vendor invoices.
2. Approve payments.

---

8. Tenant Move-Out & Property Turnover

Roles

- Property Manager
- Facility Manager

- Finance

Work Instructions

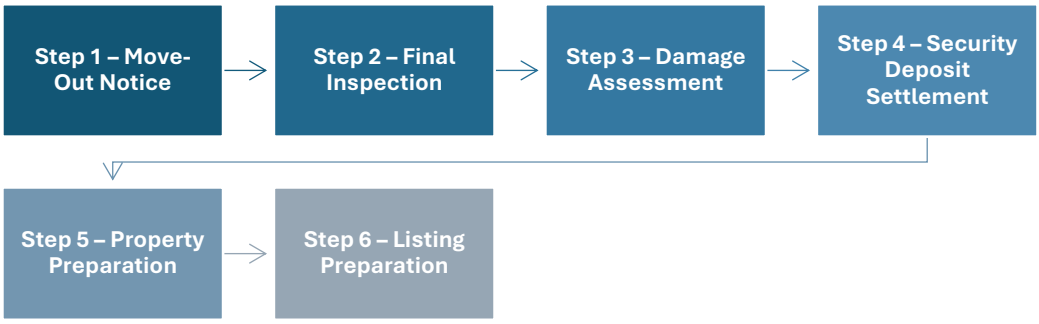

Figure 9: Tenant Move-Out & Property Turnover

Step 1 – Move-Out Notice

1. Tenant submits move-out notice.

Step 2 – Final Inspection

1. Inspect property condition.

Step 3 – Damage Assessment

1. Identify repairs needed.

Step 4 – Security Deposit Settlement

1. Deduct repair costs.
2. Refund remaining deposit.

Step 5 – Property Preparation

1. Perform cleaning and repairs.

Step 6 – Listing Preparation

1. Prepare property for new tenants.
